CARD

GRADES : 9 10 11 12

State and federal laws require public school districts to release report cards to the public each year.

Starting in 2009, charter school information is included in district statistics.

Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

IEP Students are those students eligible to receive special education services.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

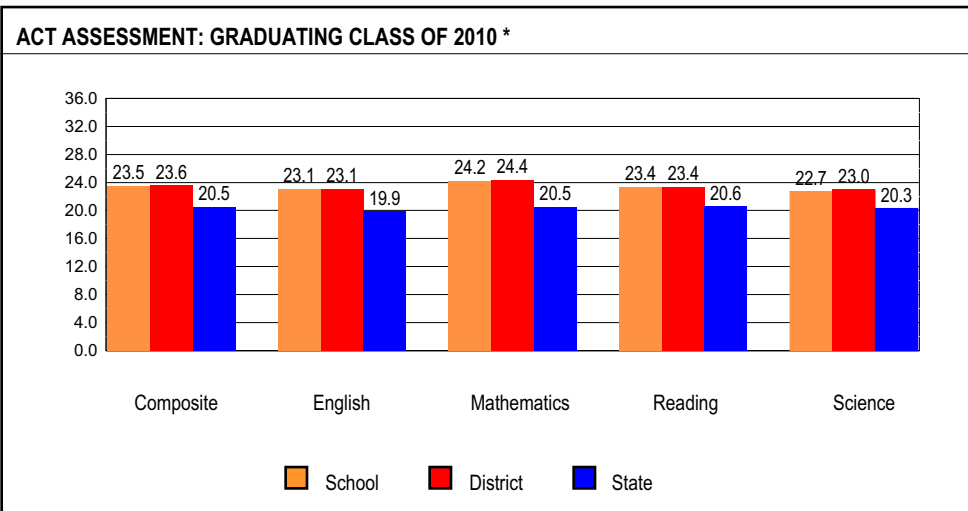

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

ACADEMIC PERFORMANCE

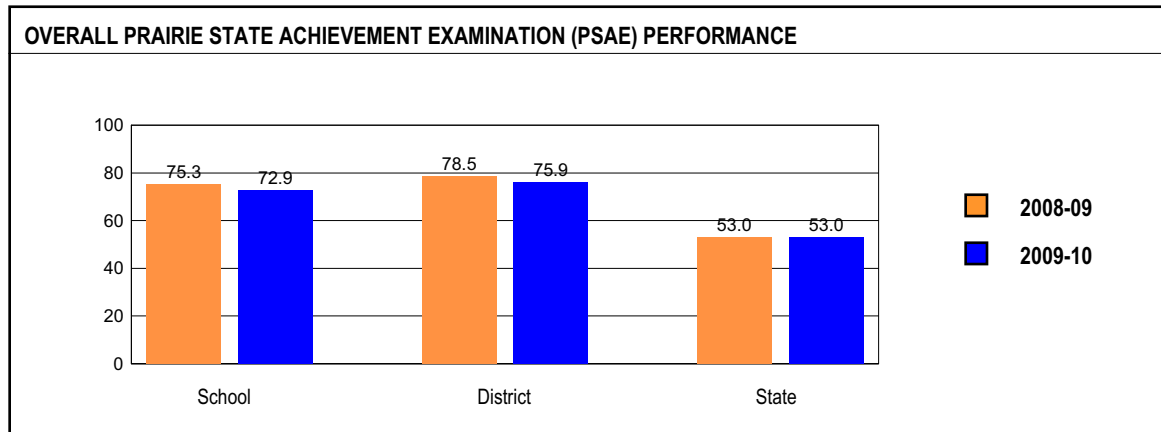

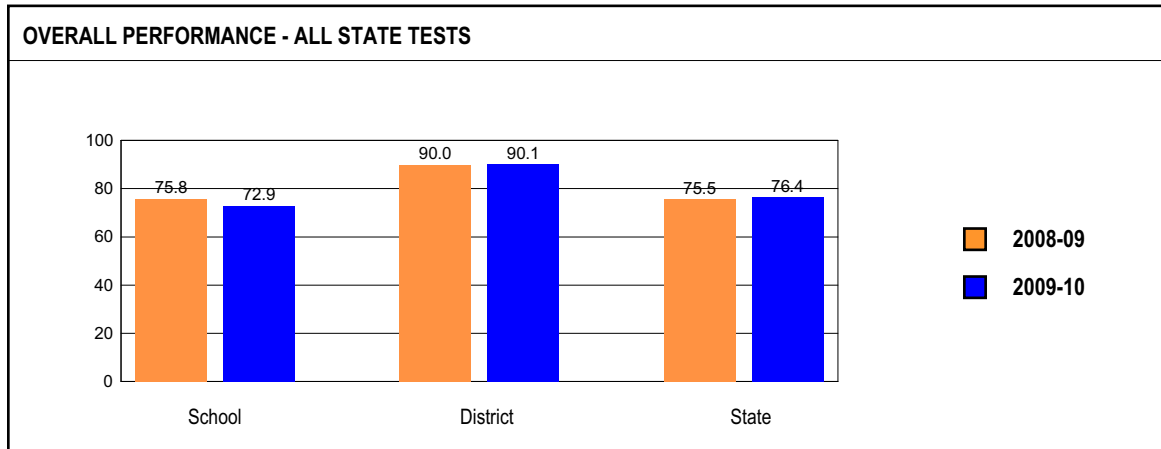

The number and percent of students taking the ACT are no longer reported since virtually every eleventh grade student takes the ACT as part of the PSAE.

* Includes graduating students' most recent ACT Assessment scores from an ACT national test date or PSAE testing. Excludes the scores of students who took the test with special accommodations. State averages for ACT data are based on regular public schools and do not include private and special purpose schools.

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. They represent your school's performance in reading, mathematics, and science.

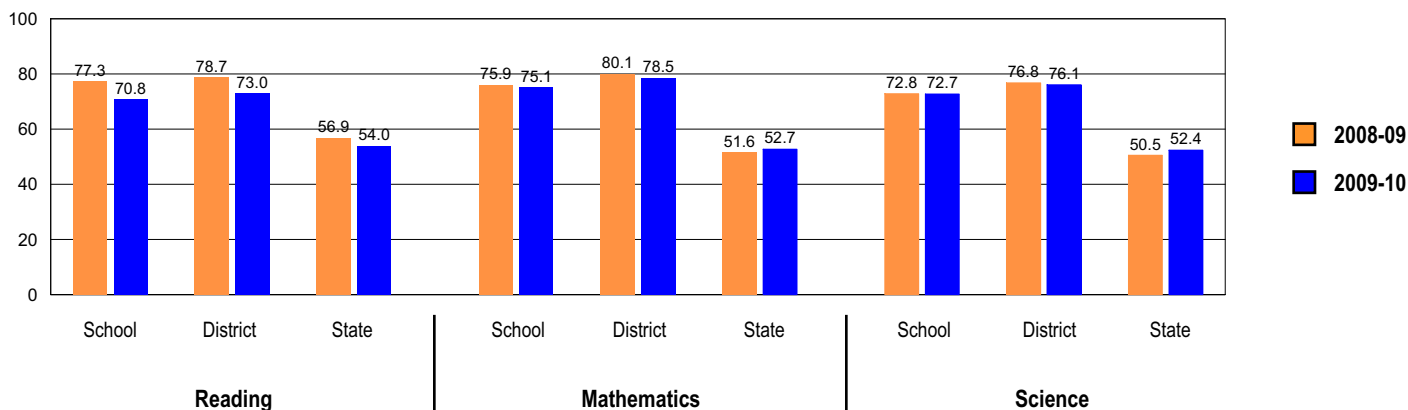

PSAE PERFORMANCE

These charts provide information on attainment of the Illinois Learning Standards. They show the average scores and also the percents of student scores meeting or exceeding standards in reading, mathematics, and science on PSAE.

PRAIRIE STATE ACHIEVEMENT EXAMINATION (PSAE) - Average Scores

PSAE scores range from 120 to 200.

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics, and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Reading and Mathematics are tested in grades 3 through 8 and 11. Science is tested in grades 4, 7, and 11.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

PRAIRIE STATE ACHIEVEMENT EXAMINATION (PSAE)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 77.5% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 77.5% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. At least 91% attendance rate for non-high schools and at least 80% graduation rate for high schools.

* Includes only students enrolled as of 05/01/2009.

** Safe Harbor Targets of 77.5% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

St. Charles East High School Improvement Plan for 2010-2011

This “School Report Card” has been compiled by the Illinois State Board of Education as a means by which school districts communicate local and statewide information to the public. The *No Child Left Behind Act of 2001* (NCLB) required states to establish annual achievement targets which are used to calculate Adequate Yearly Progress (AYP). The purpose of this “School Report Card” is to communicate the performance of this school and district on the annual targets.

We are now in the sixth year of defined secondary school improvement work. As a school we are continually monitoring, analyzing, and interpreting student data which leads to implementing new goals, while at the same time continuing with previously established successful ones. For example, this current school year there is an increased focus on reading building wide to improve our students’ college readiness and scores on standardized testing.

The four primary goals for all District #303 schools are: 1) the continuation and refinement of Professional Learning Communities (PLCs); 2) the incorporation of Response to Intervention (RtI); where various forms of student assistance are utilized to help struggling students; 3) the development and use of common formative assessments in instruction—this ensures that teachers who teach the same course will give comparable assessments and student data from these assessments will be examined, analyzed and teaching will be adjusted; and, 4) the use of the Charlotte Danielson Framework, which is a plan that clearly delineates effective teaching and best practice in the classroom with the intent of increased student success.

Findings of the School Improvement Plan:

For the fourth year, a comprehensive plan for providing achievement data for all students in grades 9-11 from the ACT series of tests will be implemented. On October 26, 2010, 9th graders will take a retired PLAN test, sophomores will take the official PLAN test, and juniors will take a retired ACT test. This system provides us with timely and useful data relative to our students’ current levels of performance, academic progress, and prioritizes instructional goals. In April, the Prairie State Achievement Exam (PSAE) will be administered to all 11th graders. This assessment, which is a graduation requirement, is used to measure students’ current progress, as well as their academic achievement in comparison to district and state levels.

Documented successes of school improvement as compared to the 2008-2009 school year, that are noted in this report include:

- Enrollment increased from 2137 to 2216
- Chronic truancy rate decreased by 0.4%
- Attendance rate increased by 1.2%
- High School Dropout Rate decreased by 0.4 %
- Mobility Rate increased by 3.4%
- Average Class Size decreased from 22.0 to 21.9
- In a new category reported this year, students with disabilities represent 10.8% of the total enrollment
- High School Graduation Rate increased from 97.4% to 99.2%. Male graduates increased from 95.7% to 99.6%. Students with disabilities’ graduation rate increased from 86.2% to 98.2%. Economically disadvantaged students graduation rate went from 83.7% to 100%.
- ACT results were impressive. The following increases were noted: Composite +1.0, English +0.8, Mathematics +1.2, Reading +1.1, and Science +0.6.
- Overall, students’ average PSAE was 72.9% as compared to the state average of 53.0%.

Goals for the 2010-2011 School Year

The East staff will focus on the goals listed below for improving student performance and achievement:

- *All students will meet the AYP Reading and Math Benchmarks of 85% on the 2011 PSAE.*
- *All students will demonstrate progress in attaining the College Readiness Standards in reading.*
- *Reading will become an integral part of students’ learning experiences at St. Charles East High School*

In order to achieve the above goals for the current school year, the following long-range goals have also been established:

- 1) All departments will develop specific reading goals, identify actions to reach the goals, implement, and evaluate the plans.
- 2) School Improvement and Institute Days will focus on professional learning, interdepartmental sharing, and support of reading improvement for all.
- 3) Assessment data will be used to identify student deficiencies and target interventions and reading strategies to be implemented.
